Congratulations to UPS's Safest Drivers

The UPS Circle of Honor through December 31, 2016

HOW DO THEY DO IT?

UPS's safest drivers are constantly on the lookout for the challenges on the road ahead, such as:

- Avoiding distracted drivers
- Adjusting in inclement weather
- Staying focused on what's ahead
- Keeping their eyes moving to anticipate changing conditions and hazards
- Maintaining a safe distance from other vehicles

Statistics:
- 9,349 TOTAL MEMBERS
  - Led by Tom Camp of Michigan, with 54 years
- 1,575 INDUCTEES
- 206 WOMEN
  - Led by Ginny Odom of Florida, with 42 years
- TOGETHER, THE INDUCTEES HAVE 39,375 YEARS OF SAFE DRIVING
- THE FIRST YEAR FRANCE joins the Circle of Honor with Patrick David's achievement of 25 years of safe driving

States with the Most Circle of Honor Drivers by Where They Work:

- 892 CALIFORNIA
- 765 TEXAS
- 555 FLORIDA
- 513 ILLINOIS
- 421 NORTH CAROLINA

Don't Drive Distracted:

Drivers using mobile phones may have:
- Slower reaction times—notably braking reaction time, but also reaction to traffic signals
- Impaired ability to keep in the correct lane
- Shorter following distances
- Drivers using a mobile phone are approximately 4 TIMES more likely to be involved in a crash than when a driver does not use a phone
- Road traffic crashes cost countries approximately 3% of their gross national product
